

Saint James Student Athletic General Conduct Policy

The administrative and coaching staffs of St. James High School and St. James Middle School believe that student athletes are representatives of the school and community.

The goals of the St. James Athletic Programs are to encourage our student athletes to excel in both academic and athletic endeavors, to promote the obtainment of optimum health and physical fitness, and to strive for the highest standards of conduct and sportsmanship for the total development of the individual.

Therefore, a student-athlete, cheerleader, manager, scorekeeper, statistician, student trainer, or other student support staff should conduct themselves accordingly in and out of school. Conduct unbecoming a student athlete of the St. James schools in any capacity will not be tolerated. For the purposes of this policy, a student becomes an athlete the first time he/she is selected for membership.

Prior to athletic participation, parents and/or legal guardians and the student athlete must attend the mandatory parent/athlete meeting and turn in the signed code of conduct.
